

i saw u (u saw me)

I saw America
And it was blind
(Who's looking at you now)
I saw nothing
I'm the nick of time
(Who's looking at you know)
I saw eternity
And it was bleak
(Who's looking at you now)
I saw you
And you saw me

I saw the light
When it left your eyes
(Who's looking at you now)
I had the life
But it passed me by
(Who's looking at you now)
I watched it turn
Into smithereens
(Who's looking at you now)
I saw you
And you saw me

i saw u (u saw me) B3
