

i dont wanna leave

We watched breakfast at tiffanys
Smoked backwoods
And took off all our clothes
I broke the zipper off your blue jeans
You laughed and said
My roommates aren't home
Then I gave you head
On the floor
Back from the dead
But it feels different than before

I don't want to leave
But I have to
I don't want to believe
But I have to

Soon you'll find somebody new
To wipe your tears and comfort you
Each time your dad does crazy shit
And your mom won't stop her pettiness
I wish you were here next to me
The truth is that you'll never be
As long as I'm so selfish
As long as I can't make up my mind
Oh my

I don't want to leave
But I have too
I don't want to believe
But I have too

You're sister heard us crying
From the other room
Reality is setting in
There's nothing we can do
It'll never last
It can't be more than this
But I want you so bad
It hard to admit

I don't want to leave
But I have to

I don't want to believe
But I have to

Soon you'll find somebody new
To kiss your hands and see it thru
The way you knew I never could
Even when the times were good
I wish you were here next to me
But the sad truth is that you'll never be
As long as I'm so selfish
As long as I can't make up my mind
Oh my
